Vx-Series Consumables

When having a perfect code on your flexible packaging matters

Not all thermal transfer overprinting (TTO) ribbons and printheads are the same. By using genuine Domino consumables you can be sure that you get the most from your coding equipment — with no compromise and no costly surprises.

We provide an extensive range of high-quality ribbon grades developed to meet a wide range of general and niche requirements — offering you the best ribbon for your application.

◆ Good   ◆◆ Excellent   ◆◆◆ Superior

Ribbon type	Description	Domino grade	Heat resistance	Printing speed	Print density	Rub resistance	Colours available
Wax/Resin	General purpose long length	AR	◆	◆◆	◆◆	◆◆	No
Wax/Resin	General purpose	WR1	◆	◆◆◆	◆◆◆	◆	Yes
Wax/Resin	General purpose	WR3	◆◆	◆◆	◆◆	◆◆	Yes
Wax/Resin	General purpose	WR5	◆	◆◆	◆◆	◆	No
Wax/Resin	Rough substrate	WR6	◆◆	◆◆	◆◆	◆◆	No
Resin	General purpose resin	R1	◆◆	◆	◆◆	◆◆◆	Yes
Resin	High temperature resistance	R2	◆◆	◆	◆	◆◆◆	No
Resin	Increased mechanical resistance	R3	◆◆◆	◆	◆	◆◆◆	No
Resin	General purpose resin	R5	◆◆	◆	◆◆	◆◆◆	No

The offered range of ribbons may vary from country to country. Ribbon types not listed in the printer software can be added using the Ribbon addition tool. Please contact your local Domino representative or technician for more information.

Domino. Do more.

Offering you more value

When reduced downtime matters

Domino ribbons have been engineered and manufactured to deliver optimum performance with our printers, ensuring you get consistently good prints on every pack and a reduction in running costs.

◆ The strong construction of Domino ribbons minimises downtime from ribbon breakage.

◆ The advanced low-friction back coating helps to reduce wear and static build up, allowing your printheads to print for longer.

◆ The core has also been optimised for our printers to ensure that ribbon replacement is as quick and easy as possible.

◆ AR allows you to code up to 20% more products per roll compared to the standard WR1.

◆ Capacity can be increased further by using Domino's unique 60% ribbon economy saving mode, resulting in 150% more prints*.

Secure peace of mind

Our TTO ribbons are produced under ISO9001, ISO14001, and OHSAS 18001 process certification, and are fully compliant with REACH, RoHS, and WEEE regulations; further certifications and regulatory statements can be provided upon request.

When reliability matters

By installing genuine Domino printheads into your printer, you can rest assured that it will maintain the same, high print performance, while maintaining the Domino warranty** of your printer.

◆ Our 40km / 6 month printhead warranty** gives you added security in your investment by safeguarding against early life failures.

◆ Domino offers both 32 and 53mm printheads to suit your needs.

When a good code matters

By using original Domino thermal printer cleaning wipes for your Vx-Series printheads, you make sure the equipment has the best conditions for printing good high-resolution machine-readable codes on your products.
